

1/4" Azuria Reflective Fire Glass

Product ID: AFG-AFF-AZBLRF
Weight: lbs
Manufacturer: American Fire Glass

1/4" Azuria Reflective Fire Glass

Have you ever felt the cool, clear waters of the Caribbean beckoning you? Do you find relaxation in gazing at the calm, tranquil, dark blue tropical water as it laps the shore? Now your customers can capture the same look and feel in their own homes with our 1/4" azuria reflective fire glass.

Your customers will experience pure bliss while gazing at this dazzling reflective fire glass. The azure color is reminiscent of cool water on a hot day, and when used as a base for a fireplace or fire pit, this glittering glass will add just the right tropical touch to the décor. The color transitions well to evening use too due to its light properties. It's just the right color for any decorating theme, indoors or outdoors, and pairs well with bright hues. Our reflective azuria fire glass is also a great complement to the colors in a fire.

A Practical Alternative to Ceramic Logs & Stones

This amazing product is not just beautiful to behold, but also very practical. It does a great job of covering the entire floor of a fire feature, effectively hiding the tubes and pipes which are sometimes visible in gas fireplaces or fire pits. This makes fire glass a more desirable alternative to the more commonly seen ceramic logs and fire stones.

Extremely Durable, Safe & Long Lasting!

Even over time, this 1/4" azuria reflective fire glass will retain its original intensity of color regardless of how often your customers use it in their fireplace or fire pit. Made of tempered glass, it is guaranteed to withstand temperatures of up to 1300 degrees Fahrenheit and harsh weather without fading or chipping. It has also been processed in order to smoothen out all sharp edges, thus it is safe to handle with bare hands.

Furthermore, our fire glass doesn't give off any smoke, ash, or soot, thus your customers will spend more time enjoying the display and less time cleaning!

If your customers are fans of the blue Caribbean waters, they will love our 1/4" azuria reflective fire glass!
