

1/2" StarFire Fire Glass

Product ID: AFG-AFF-STFR12
Weight: lbs
Manufacturer: American Fire Glass

1/2" StarFire Fire Glass

Imagine if your customers could illuminate their homes' interiors with shining stars! We bring you starfire fire glass from our 1/2 inch collection; brilliantly gleaming glass pieces that are reminiscent of the stars twinkling in the night sky. One of our bestsellers, this 1/2" starfire fire glass brings its surroundings to life with its amazing shine.

One of the greatest advantages of starfire fire glass is that it blends well with practically any color scheme and décor style. No matter whether your customers' entertainment area has a classic or contemporary design, rest assured our starfire fire glass will add a touch of glamor to it. Very similar in look to our 1/4" starfire fire glass, these chunkier glass pieces allow for better air circulation, delivering a larger and more impressive flame. These 1/2" starfire glass pieces are lovely on their own, but if your customers want to spice things up a bit, they can also mix this glass with other bright colors for an even more spectacular effect.

A Practical Alternative to Ceramic Logs & Stones

Our starfire glass is not just stunning to behold, but is also very practical. It does a wonderful job of covering the entire floor of a fire feature, effectively concealing the unseemly pipes and tubes which are often visible in gas fireplaces and fire pits. This makes fire glass a more desirable alternative to the more commonly seen ceramic logs and stones.

Extremely Durable, Safe & Long Lasting!

Our 1/2" starfire fire glass is made from brand new tempered glass, via a unique 5-step manufacturing process that renders it a dazzling shine and also allows it to withstand temperatures of up to 1300 degrees Fahrenheit without any damage or discoloration. Used correctly, this amazing product could last your customers a lifetime.

Another advantage of fire glass is that it does not emit any smoke, soot, or other harmful chemicals, thus it hardly requires any cleaning and is very easy to maintain!

If your customers are looking for something to bedazzle their guests, look no further than our 1/2" starfire fire glass!
