Motor Life, Even in Demanding Conditions**

Standard 1/2" Pipe Thread

**1-1/2" (F) NPT / 2" (M) NPT
Slip Union Connections**

Performance You Can See!

* INCLUDES PROTEKTOR

Anti-entrapment device, provides necessary safety to prevent hair, limb, and mechanical suction entrapment.

Diverts the flow of water into multiple levels avoiding the formation of a vortex.

Helps mitigate the hazard(s) due to DHDF (differential hold down forces), especially incorrectly installed suction outlet systems.
