

Cleans all public & olympic pools

DESIGNED TO CLEAN PUBLIC,
SEMI-OLYMPIC AND OLYMPIC SIZED POOL

*Excellence
inside!*

aquabot GEMINI

is designed to clean public, Semi-Olympic and Olympic sized pool

Optimized cleaning

Equipped with an **infrared eye system** to signal the brain of the cleaner to change direction as needed. Manufactured from **high quality plastics**, the new outer casings provide maximum protection against aggressive pool environments.

The **Gemini** robotic pool cleaner runs off a low voltage power supply (29 volts DC), this **maximizes safety** while **minimizing power usage**.

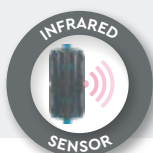

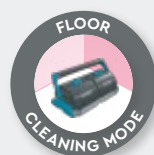

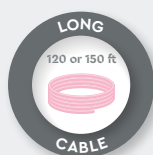

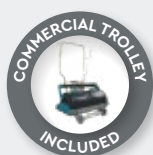

This robotic pool cleaner for public pools is **fully automatic** and **completely self contained**; no messy hoses or filter hook-ups are necessary.

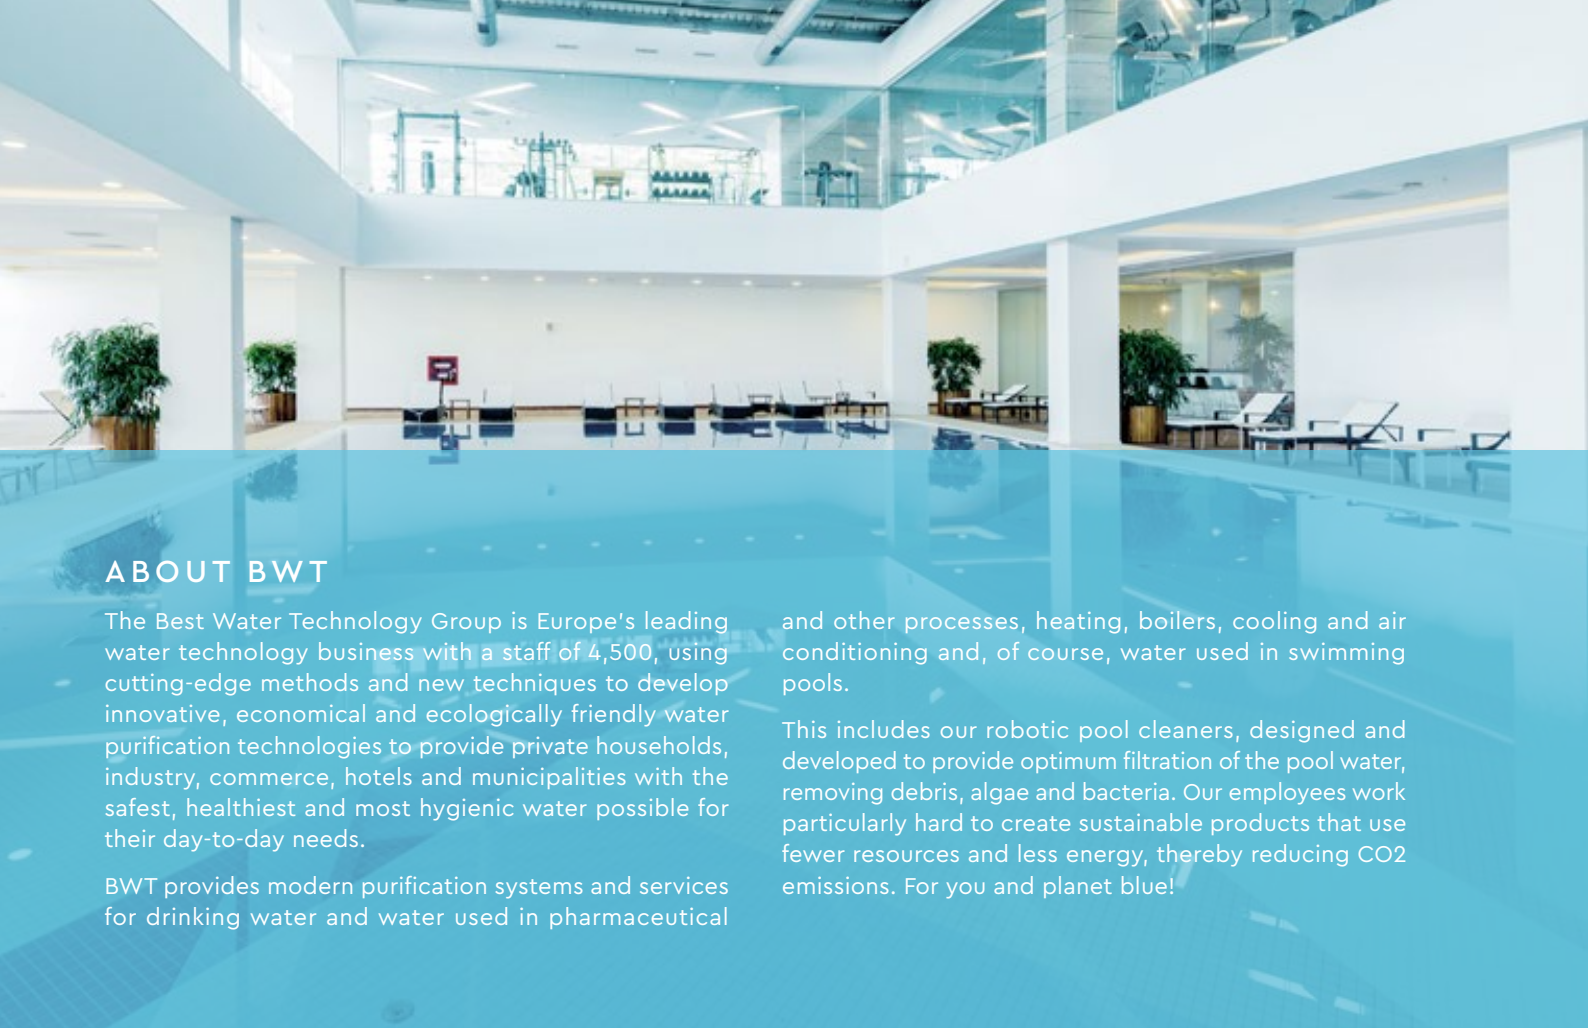

Smart algorithm

The **Gemini** robotic pool cleaner uses the **AquaSmart Gyro System** to scan the pool and program itself to clean the entire pool floor **in the least amount of time**.

It comes complete with an infrared eye that allows it to change direction as needed, a transport trolley, and a 120 ft or 150 ft premium floating cable.

The Gemini pool cleaner has an **internal timer** that allows the start of the cleaning cycle to be delayed by 2, 3, 4 or 5 hours, the cleaner then runs for the programmed cleaning time of 3, 4, or 6 hours before automatically shutting off; this gives the pool owner **the freedom to set and go**.

ABOUT BWT

The Best Water Technology Group is Europe's leading water technology business with a staff of 4,500, using cutting-edge methods and new techniques to develop innovative, economical and ecologically friendly water purification technologies to provide private households, industry, commerce, hotels and municipalities with the safest, healthiest and most hygienic water possible for their day-to-day needs.

BWT provides modern purification systems and services for drinking water and water used in pharmaceutical

and other processes, heating, boilers, cooling and air conditioning and, of course, water used in swimming pools.

This includes our robotic pool cleaners, designed and developed to provide optimum filtration of the pool water, removing debris, algae and bacteria. Our employees work particularly hard to create sustainable products that use fewer resources and less energy, thereby reducing CO2 emissions. For you and planet blue!

Perfect for public semi-Olympic and Olympic sized swimming pools

POOL COMPATIBILITY

Type	Public, semi-Olympic and Olympic sized swimming pools
Surface Type	All pools surfaces

FEATURES/ FUNCTIONS

Propulsion type	2 Smart Drive Motors
Filter loading	Easy Bottom access
Filter type	XL Bags (x2) / Self-contained
Brushes	PVA / PVC
Length of cable	120 ft. (36 m) or 150 ft (45m).
Warranty	3 Years
Transport/storage	Commercial trolley
Gemini dimensions	12.2" x 15.35" x 31.34"
Internal timer	2, 3, 4, 5 hours delay
Cleaning cycle	3, 4, 6 hours

PERFORMANCE

Filtration	10,000 Gallons per Hour
Filter Resolution	up to 2 Microns
Voltage in Water	29 Volts
Infrared sensor	Yes

A world made for you!

EXCELLENCE, INTELLIGENCE, INNOVATION

The BWT world is made for you, and its robotic pool cleaners are designed with you in mind. Don't hesitate, step into an exceptional world.
