

SCREENLOGIC®

INTERFACE FOR MOBILE DIGITAL DEVICES

Control IntelliTouch® and all EasyTouch® Control Systems from your mobile digital device.

Key Features:

- Easily turn on your spa and set it to the perfect temperature on your way home from work.
- Control all circuits when you are away, including waterfalls, pool lights, fountains and more.
- Use the History page to monitor temperature, pool/spa, heater and lights from afar.

SCREENLOGIC® INTERFACE FOR MOBILE DIGITAL DEVICES

Fingertip convenience, worldwide control—
from your favorite mobile digital device.

How can you manage your pool or spa with our ScreenLogic Interface app?
Just about any way you want—from just about anywhere.

Temperature control for pool and spa. Getting off work an hour from now? Crank up the temperature on the spa, kick on the pool pump and even choose the heater mode: Solar, Solar Preferred or Heater. When you arrive, your place of relaxation will be waiting.

If your pool is equipped with an IntelliTouch® or EasyTouch® System and a PC or Mac® computer ScreenLogic Interface* to access them, you're already good to go.

If you don't yet enjoy the benefits of an IntelliTouch or EasyTouch System, now's the ideal time to upgrade to electronic convenience and get mobile digital device remote control at the same time. If you're an IntelliTouch or EasyTouch System owner, you can gain iPad®, iPhone® and iPod touch® mobile digital device or Android® device access through a PC and Mac computer ScreenLogic Interface and Wireless Connection Kit (Part # 522104). This kit lets you remotely manage your pool and spa through your PC or Mac computer, as well as your mobile digital devices.

*The Pentair ScreenLogic Interface for MACINTOSH® DESKTOP COMPUTERS IS NOT COMPATIBLE with the recently released 64-bit-speed Macintosh CATALINA Operating System. Customers who update their Mac desktop computers to the new Catalina MacOS® will no longer be able to use the ScreenLogic Desktop Interface. Please NOTE: This change DOES NOT AFFECT iPhone, iPad mobile digital devices or any other ScreenLogic Interfaces. Only MAC computer desktop users with ScreenLogic who update to the new Catalina OS will be affected.

HERE'S ALL YOU NEED TO DO.

The software for your Apple® mobile digital device or Android® platform is a free download from the App Store® or Google Play® Store. It's easy to get:

1. Using your device, visit the App Store or Google Play Store.
2. Search for "Pentair."
3. Choose to download and install the Pentair® ScreenLogic Interface.

The ScreenLogic Interface for mobile digital devices has earned the Eco Select® brand distinction as one of the greenest and most efficient choices from Pentair.

The TradeGrade family of products is exclusively made for and sold by the world's most demanding pool professionals.
