DEL:AOP-S

COMPACT, LIGHTWEIGHT, POWERFUL

The first compact AOP design from DEL now with a new name: the original AOP 25 is now the AOP-S. This unit is designed for sidestream installation and utilizes our smallest unit with an external injector system to save space.

- SAFER WATER: AOP destroys viruses & bacteria like Cryptosporidium, Giardia, and E.Coli.
- CRYSTAL CLEAR: Contaminants are destroyed and filtration is enhanced resulting in pure, polished water.
- FEWER CHEMICALS: Powerful oxidation reduces chlorine required to maintain a safe residual level in the pool.
- NO CHLORAMINES: By breaking apart chloramines, chlorine smell, itching and irritation is prevented.

PRODUCT DETAILS

- Weighs Only 9lbs
- Patented APG Ozone Cells
- Germicidal UV-C Lamp
- Perfect for Side Stream Installation
- No external controller required

DESIGNING A SAFE, MODERN POOL

Chlorine and other chemicals can keep water actively safe even when the pump is off. By allowing AOP to work at quickly oxidizing organic and inorganic compounds, *chlorine is free to work better.*

- AOP breaks down chloramines
- Reduces overall chemical demand by more than 50%
- Removes oils, reduces unpleasant odors
- Chlorine and AOP work together to make a better, safer pool

SPECIFICATIONS
