»»» Deck Jets, Sheers and Bubblers

SOPHISTICATED ACCENTS
FOR EVERY POOL AND SPA.

UPGRADE YOUR DOWN TIME.

Our water features will totally transform your backyard.

With simple customization and stress-free installation, Hayward® water features are an effortless way to elevate any backyard environment.

SIMPLE INSTALLATION

All Hayward water features are designed to connect quickly and easily, reducing installation headaches and costs.

SEAMLESS INTEGRATION

Thoughtful design and construction help Hayward water features blend into your backyard better than any other options on the market.

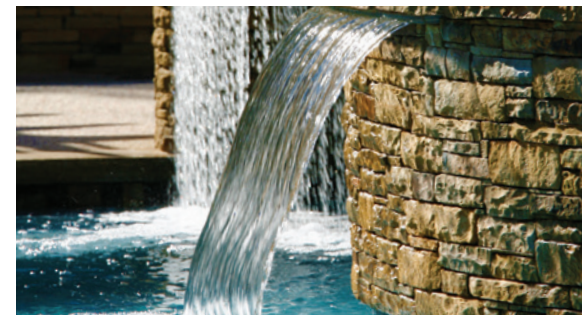

ENHANCED POOL ENVIRONMENT

Elevate the visual and acoustic appeal of your pool surroundings with premium water features from Hayward.

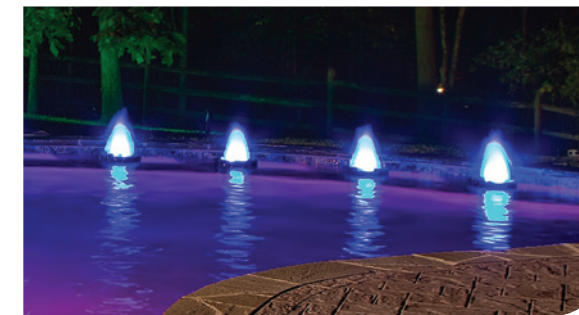

Deck Jet 500

- » A peaceful, arching deck-to-pool stream whose flow and direction can easily be adjusted without tools
- » Attractive bronze-coated cover and the industry's only height adjustment mechanism ensure perfect deck alignment even after settling

Sheer 500

- » Customizable waterfall effect adds tranquil visual appeal
- » Rear or bottom connection options make installation quick and simple
- » 1.5" x 2" connections are compatible with larger plumbing for maximum water flow

Bubblers

- » Create a cascading column of water for the ultimate in backyard ambiance
- » Adjustable nozzles create a variety of water heights and widths to suit any pool environment
- » Interchangeable color options and an unobtrusive, flush design allow for seamless integration with the pool surface

TRY IT WITH

ColorLogic®

Pair your Hayward water features with our ColorLogic LED Lights for the ultimate in backyard ambiance.

Discover water features as easy to use as they are to enjoy.

INSTALLATION NOTES

BUBBLERS

- » Adjustable nozzles accommodate installations from 2" to 12" below the water's surface
- » Two-part design incorporates a plaster ring for adjusting the height and angle to match the pool surface

DECK JET 500

- » Integrated flow adjustment eliminates the need for dedicated valves
- » Designed for a maximum flow rate of 5 gpm at 10.7 ft. of head

SHEER 500

- » Available with rear or bottom connection options for quick and simple installation
- » Can be installed in straight or curved applications
