

# Model IL600.xxx.xxx

IL600.780.550 Light Concrete finish shown

## Construction

- 6.0" width x 0.50" height x 0.875" depth
- 304 Stainless Steel unibody construction
- Heavy 20 gauge Stainless Steel
- Mono-color polyester powder coat finish
- Integrated cleats for easy retrofits
- Mechanically fastened LED package
- UL 1838 Listed Product

## Electrical

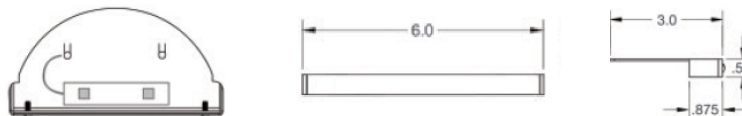

- Low voltage 12vAC operation
- Life expectancy up to 40,000 hours
- Fully dimmable LEDs
- Compatible with all low voltage lighting systems
- 72" long 18/2 leads for connection
- Magnetic or electronic transformer compatible

Fixture available in the following LED color outputs:

- IL600.xxx.500 / 3000K Pure White / 2.0 watt consumption / output similar to 10.0 watts / lumen output 120
- IL600.xxx.550 / 2400K Ultrawarm White / 0.50 watt consumption / output similar to 8.0 watts / lumen output 80
