The K-Spray™ line offers system versatility with a wide range of pop-up heights suited for many applications.

From small flower beds to residential and light commercial lawns and planted areas, the K-Spray™ line has the pop-up height for the job. Manufactured with time-tested UV-resistant resin and corrosion-resistant stainless steel parts for long product life and reliability.

The optional purple cap for RCW (reclaimed water use) is highly visible, making identification of reclaimed water systems easy and thus reducing liability.
