

SECTION VI - TOXICOLOGICAL PROPERTIES

Routes of Entry	Ingestion.
Acute Effects on Humans:	No specific information is available in our database regarding the other toxic effects of this material for humans.
Chronic Effects on Humans:	CARCINOGENIC EFFECTS: Not available. MUTAGENIC EFFECTS: Not available. TERATOGENIC EFFECTS: Not available. Toxicity of the product to the reproductive system: Not available. There is no known effect from chronic exposure to this product. Repeated or prolonged exposure is not known to aggravate medical condition.
Synergistic Materials:	

SECTION VII - PREVENTIVE MEASURES

Gloves:	Gloves.
Eye Protection:	Safety glasses.
Respiratory Protection:	Respiratory Protection not normally required
Other Protective Equipment:	Other protective equipment as required by employer code.
Engineering Controls:	General ventilation normally adequate.
Leak and Spill Procedure:	Use appropriate tools to put the spilled solid in a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements. Use a shovel to put the material into a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and allow to evacuate through the sanitary system. Consult your local or regional authorities.
Waste Disposal:	Recycle to process, if possible. Consult your local or regional authorities.
Storage Requirements:	Keep container dry. Keep container tightly closed. Good general ventilation should be sufficient to control airborne levels.

SECTION VIII - FIRST AID

Eye:	IMMEDIATELY flush eyes with running water for at least 15 minutes, keeping eyelids open. COLD water may be used.
Skin:	Gently and thoroughly wash the contaminated skin with running water and non-abrasive soap. Be particularly careful to clean folds, crevices, creases and groin. If irritation persists, seek medical attention.
Inhalation:	Allow the victim to rest in a well ventilated area. Seek immediate medical attention.
Ingestion:	Remove dentures if any. Have conscious person drink several glasses of water or milk. INDUCE VOMITING by sticking finger in throat. Lower the head so that the vomit will not reenter the mouth and throat. NEVER give an unconscious person anything to ingest. Seek medical attention.

SECTION IX - OTHER INFORMATION
