A Legacy of Performance and Reliability.

The DX Line is built on our deep cleaning legacy of performance and reliability.

DX Line

ULTIMATE CLEANING TECHNOLOGY

There's a reason why Dolphin is the #1 selling robotic pool cleaner. Unlike competitor cleaners that use random patterns to clean the pool floor, Dolphins use CleverClean Smart Navigation to ensure complete pool coverage.

SUSTAINABLY DESIGNED. ENERGY EFFICIENT.

The Dolphin DX Line consumes an average of 5 cents of energy per hour and is 8 times more energy efficient than suction and pressure cleaners.

BEST-IN-CLASS WARRANTY

The Dolphin DX6 comes with a limited 3 year warranty covering parts and labor. The best protection of any robotic pool cleaner on the market.

Cleans Walls and Waterlines

Durable tracks and dual scrubbing brushes create the friction needed to remove leaves, dirt and debris on the floor, walls and waterline - leaving your pool sparkling clean.

Remote Control Included

Dirty pools are no match for a Dolphin. The Dolphin DX4 and DX6 robotic pool cleaner comes with a remote control to spot clean any potential problem areas in your pool.

No More Tangling

Tired of lots of hoses and cables? Dolphins are "plug and play" and include the patented Dolphin Swivel technology that gets rid of tangling and ensures complete pool coverage.

Leaves Have Met Their Match

The DX Line features a large capacity filter bag for large debris, such as leaves and heavy dirt.
