THE CRYSTAL SERIES™

colored quartz pool finishes

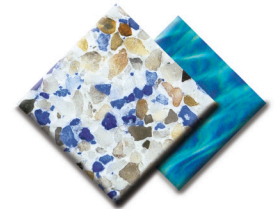

CRYSTAL WHITE

CRYSTAL TEAL

CRYSTAL BLUE

CRYSTAL BLUE & GOLD

The Crystal Series™ pool finish brings a beauty that is fresh, clean, clear and cool — every day of the year. This superb finish of colored quartz and polymer enriched cement delivers a level of bright white like no other finish, and at the same time a smooth yet rugged pool surface that stands up to challenging pool environments, all while delivering a slip resistant — easy on fingers, toes and swim suits, finish. Available in four colors, covered by a lifetime warranty.

Actual water color and finishes may differ from printed samples. It is normal to have variations in color, shade and exposure. Influencing factors may include the water's depth, angle of sunlight, surrounding landscape, time of day and time of year. It is recommended to view finish samples wet as appearance will change from dry viewing.
