The Power Behind Polaris

BOOSTER PUMP FOR POLARIS PRESSURE CLEANERS

NEW & IMPROVED!

PB4-60

The Power Behind Polaris

Polaris booster pumps are the #1 selling booster pump world-wide. The new and improved PB4-60 delivers the best ever combination of high-performance power, quiet operation, and durability.

For best performance, always power your Polaris pool cleaner with a Polaris booster pump.

quick easy installation

**NEW
BOOSTER PUMP
CONNECTORS**

For more than 20 years, Polaris booster pumps have been the benchmark for powerful Polaris cleaner performance. Unlike other booster pumps, Polaris booster pumps are specifically designed to operate Polaris pressure-side pool cleaners at optimum power and cleaning efficiency.

MAXIMUM EFFICIENCY

- Ultra low flow requirements allow the booster pump to operate on the low speed of a 2-speed or variable-speed pump for energy savings
- Ultra high efficiency 3/4 horsepower motor

NEW & IMPROVED DESIGN

- Quick and easy installation with new ergonomic connectors
- Completely redesigned wet end for better performance and durability
- New and improved easy pump seal replacement
- Heavy duty single piece base
- Captured backplate nut fasteners for ease of service
- Ergonomic drain plug with o-ring
- New larger volute seal o-ring
