GFCI In-Line User Attachables

The in-line user attachable is ideal for existing equipment without GFCI protection, and can be easily attached by connecting the GFCI in series with the supply cable 9 to 10 inches from the plug end to provide GFCI protection. Applications include:

- Pressure Washers
- Floor Cleaners

Power Tools

Boat Lifts

- Drain Snakes
- Industrial Appliances
- Pumps
- Extension Cords

Rainproof rated, UL listed for outdoor use. To prevent unmonitored equipment startup, manual reset is required after GFCI trip and power outage. Allows compliance with National Electric Code (NEC 2008) Article 590.6 for "Temporary Installations" and OSHA regulation. Available with yellow or black case.
