- Automates heat up time by learning pool size
- Raymote mobile app – allows on-the-go control of your pool temperature and so much more

HAVING TROUBLE CONNECTING YOUR AVIA?

RAYPAK.COM/RAYMOTE

Try these suggestions to improve your Wi-Fi signal:

- Confirm that your Wi-Fi signal strength is strong enough to reach the heater (walls and fences may affect Wi-Fi signal)
- Reduce distance between Wi-Fi router and the heater
- Add a Wi-Fi range extender
- Enable a new Wi-Fi access point
