- Control Box with GFCI.
- Speck 4.0 HP self-priming plastic pump. UL Listed, single phase with thermal overload (no motor start required).
- Pulsating massage hose that can be attached to jet nozzle.
- Optional winter cover kit available. (Not Shown)

Installation

The BaduJet is normally incorporated into the design, but it can be added to any pool at a later date. The BaduJet has no protruding parts ensuring pool users' safety. Very compact, installs at minimal cost.

The BaduJet system includes control box with relay and air switch and 50 ft. of air tubing.

Minimum 4" plumbing is required. Pump and control box also available in 3 phase. Read all instructions before installing.

Consult your physician before attempting any strenuous exercise. This product may not be challenging or satisfying for all levels of exercise.
